God planned and prepared to send Jesus to earth as a baby to help all people understand how much God loves them – and that means you and me!

Sometimes God shares clues about God's plans with people so that they can share them with others. These people are prophets and their messages are called prophecies. Micah was a prophet who spoke about God's plan 800 years before Jesus was actually born.

Why not make your own advent calendar to count the days until Christmas. You will need a simple nativity set or picture and 24 small items such as stones or lego bricks to form a footpath leading to the nativity set. Lay it out in a place where it won't get knocked. If you use stones, you could paint numbers on them or decorate them with Christmas colours and designed. Each day, remove one step on the path as you get nearer and nearer to Christmas Day.

A prayer for when you are making plans for Christmas.

Bless my plans, God, and help me to share your love. Amen.

Bible Reading

Micah 5:2: The Christmas Prophecy

But God tells us this:

‘Bethlehem Ephrathah is only a little town,
among all the many towns in Judah,’ God says.
‘But I will choose someone who is born there.^[a]
He will rule Israel for me.
Long, long ago, I prepared for him to come.’
