Use any unwanted items to create a world. It could be things from in the recycling bin or bits of material or foil. Whatever you find, tear it or cut into shreds to create your picture. Putting the words 'Love the world' on it may remind you to be mindful of how you show love to and in the world this week.

A prayer for when you put something in the bin:

**Help me God to show the world I love it too.
Amen**
