There are all sorts of surprises and sometimes it's the waiting for the surprise that's just as fun as the surprise itself. Why not make your own jumping snake. Follow this link for instructions.

You could play with another, one person holds the snake down ready for it to jump, the other person needs to be ready to catch it. Try it a few times waiting a different amount of time each time. Swap roles.

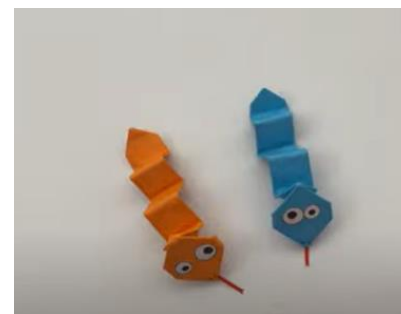

Pray while waiting in anticipation.
Find something which pops up or goes off such as a jack in the box or a timer, set it ready (if using a timer then 20 seconds is probably enough time) and say this prayer. Try and pray it before the timer/ popper goes off.

Dear God,
You are a God of surprises. Whether we like surprises or not help us to know, you want what's best for us and love us very much.

Amen

If you like, you could try it again and again each time making up your own prayer.

I wonder what sort of surprise you would like tomorrow to bring?
