And here's a really quick guide to what the Bible is

The Bible is made up of 66 books written by lots of different people. There are stories, letters, poems, histories, and much more. It was written over many years. Let's make some paper to write our own letters to God on. You will need some newspaper and other scrap paper ripped into small pieces. Soak it overnight in a large container full of water then put the paper in a blender or food processor and blend it into a pulp (remember to ask permission first!). Pour it through a sieve to get rid of as much water as you can. Place a tea-towel over a baking tray or board and put the paper pulp on it, flattening it down a bit. Then put another tea-towel on top and use a rolling pin to press down so that the pulp is flattened and the water soaks out into the cloths. Remove the top tea-towel and allow the paper to dry in the air/sun, then turn it over and let the other side dry too. Once it is completely dry (you could use a hairdryer to help!) you have some paper to write on. What would you write to God?

A prayer for when you open your Bible

**I'm reading your book, God. What are you going to say to me?**

## Bible Reading

### Deuteronomy 6: 4-9

Listen, people of Israel! The Lord is our God. He is the only Lord. Love the Lord your God with all your heart, soul and strength. Always remember these commands I give you today. Teach them to your children. Talk about them when you sit at home and walk along the road. Talk about them when you lie down and when you get up. Write them down and tie them to your hands as a sign. Tie them on your forehead to remind you. Write them on your doors and gates.

**I wonder what you think is important to teach other generations?**
