**Welcome to GAG 2023! Another year, another libel suit incurred in order to provide entertainment and light relief to the members of General Assembly (for legal reasons this is a joke).**

## Alcoholic communion service

In order to minister to the needs of all members of General Assembly, we will meeting at the bar on Saturday for a communion service with alcoholic wine, lead by the Revd. Mark Robinson, a self proclaimed enjoyer of an Alcoholic drink (at the Faith and Order comittee's expense).

## Handy Person wanted

GAG request a nominations committee appoint someone as a handy person to fix the air conditioning unit and automatic door. This appointment will be from GA 2023 to GA 2023.

## Youth assembly mug spotted

GAG were excited to see the Clerk making use of his Youth Assembly mug, which encourages the user to “refill at Youth Assembly.” However we regret to inform him that he will be unable to do so as he is over 26. URC Youth apologises for this oversight and will work with our equality and diversity reps in order to make future freebies more inclusive.

## New consensus decision making methods

GAG were surprised by the trialing of new methods of GA expressing the temperature of the room, including general muttering, oohs/aahs and gesticulating. GAG request to know when these ethos's will be added to the standing orders, and could whether they be expanded to shouting out “here here!” And using rude gestures?
