New safeguarding coordinator to be recognised

It is good practice that the safeguarding coordinator uses a designated safeguarding URC email address because of the sensitive and confidential nature of the information the role deals with. It is strongly advised that this email only be used by the safeguarding coordinator and their deputy. Duties should commence once safer recruitment policies have been followed and a Disclosure and Barring check or a Protection of Vulnerable Groups check has been cleared. It has been formally agreed by the church's meeting and recorded in minutes that the following person is authorised to take up the role/position.

Role/Position: Church Safeguarding coordinator or Deputy safeguarding coordinator

Which groups are supported by this person: Children Adults Children and Adults
