

God in the ordinary

Can it really be almost Christmas already? Just getting through the ordinary stuff of life might be challenging enough right now.

Here is an advent calendar with a difference to help you and your family in the lead up to Christmas, and hopefully discover a little more of how God is with you in the ordinary ups and downs of every day life.

There is something for everyone:

- Count down to Christmas Day – mark off the days on the poster
- Ideas for things to do (tick them off as you go)
- A beautiful stained glass window to colour and display – build up the four sections
- Four mini-books to read and enjoy, then add to your decorations
- Make your own nativity set ideas – build up the story
- Use your YES – discover how to make a difference.

Christmas is when we remember that, through the birth of Jesus, God entered our world as one of us to be with us – God in the ordinary.

Use the QR codes on the large poster to find four more resources sharing the Bible story and exciting activities, each with a prayerful way to discover a little more of God in the ordinary.

This advent pack is a gift from your local URC church. You are warmly invited to join them to celebrate Christmas. May you know God's presence and blessing throughout this December and beyond.
