We think you're amazing Tim!!!

Jeremy has discovered his new favorite colour, rose! He'd like to ask GA to consider making the mock resolution a real one.

We're proud to announce that GAG will be following in the footsteps of other URC publications and will be henceforth known as General Assembly Gossiped, or GAGEd for short! We hope that this new and completely different name will help distinguish the GAG brand from other organisations, and also reflect our new publishing method. #gagged

The GAGEd Team would LOVE if one of the ecumenical guests would show us what was in your gift bag!! (We're definitely not being nosy!)

GAG would like to award Romilly Micklem his world record for longest time before he speaks at GA. Congratulations Romilly!

The GAGed Team would like to ask whoever is in control of the air conditioning in the Derbyshire Suite to maybe turn it up a bit because the temperature is truly Arctic. BRRRRRRRRRRR

Mock Motion for GA 2027

The GAGed Team would like to propose that for GA next year, the mock motion is presented by URC Youth. It would be a lovely opportunity for URC Youth to play a more active role in the life and work of General Assembly.
