

GAGed: the on the ground, local news outlet of the URC General Assembly, covering any and all news that may or may not need spreading!

### Andy Jackson Accused of Forcing a Lunch Break

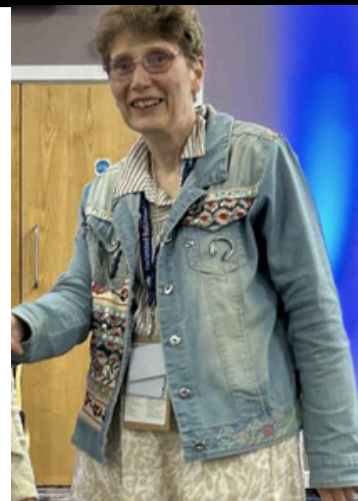

The GAGed team would like to express our concerns on the suspicion that Andy Jackson may have purposefully disconnected the WiFi network so that we would have to go to lunch earlier. The evidence includes the fact that the WiFi very quickly came back after lunch. The GAGed team request that the appropriate Fitness to Practice process is carried out in the investigation.

Few braved the early hours to watch a striped green field with some white lines with 22 stick figures wearing white and green. We would like to appreciate the Youth that joined this mission, even if they needed to be subbed off after the 80<sup>th</sup> minute. Apparently we won as well...

**Fashion Icon!**  
GAGed love a practical yet fashionable outfit, suitable for someone moderating GA by day, and attending a BTS concert by night (no, really, ask her!)

The GAGed team is overjoyed that the acceptable limit on the length of an acronym has been removed for MURCLG (Methodist/URC liaison group), and would like to suggest we rename the Lord's Prayer: OFWAIH,HBTN,TKCTWBDOEAIH H,GUTDODB,AFUOTAWFTWTAU ,LUNITBDUFE,FTITKTPATGEFEA E,A

The GAGed Team would like to apologise AGAIN for falling asleep during Business. We are blaming the wild West Mids Synod drinks. #iconic

## Dessert Rankings

## The Juiciest Synod?

The GAGed Team would like to assure Assembly that we are an inclusive church and all sizes of synods are welcome. It's not about size, it's about what you do with it.

The GAGed Team would like to ask if anyone knows of any Synod Moderators going on Sabbatical? asking for 13 of our close friends...

## Romilly's Fear of Traffic Lights

GAGed Team share Romilly's disquiet at the malevolent ghost that controls the Assembly traffic light system. We still wanted to hear from you Romilly!

**We have found an answer!**  
The GAGed Team would like to show their appreciation for one of our ecumenical guests for sharing what is in the gift bags! GAGed would like a report brought to Assembly next year on the growth of the sunflower seeds please.

## Emergency Resolution G4G

The GAGed Team wish to test the mind of Assembly on whether an Emergency resolution should be brought to rename hash brown to hash yellows?
